MENCHIE'S FROZEN YOGURT

It was the overnight proliferation of frozen yogurt shops that inspired the debut of this category. Menchie's is one cool fro-yo concept, with a cute icon adorning a catchy line of merchandise. But above all, the California-based chain is popular for its build-your-own yogurt bar's ridiculous number of flavors and toppings—some as far out there as Cinnamon Toast Crunch, Bursting Boba Balls and Mochi. Top tip from regulars: Swirl your cup, leaving a hole in the middle to maximize goodie space because you pay by the weight, not by the topping.
