Taylor Swift, Taylor Lautner Go on Frozen Yogurt Date!

Friday – December 04, 2009

The pair -- who still haven't announced they are officially dating -- satisfied their sweet teeth with some frozen yogurt after re-shooting some scenes for their upcoming romantic comedy, *Valentine's Day*, in L.A. on Thursday. (The two play a high school couple in the ensemble flick, out Feb. 12.)

When they finished filming their scenes, the *New Moon* star, 17, drove off with the country singer, 19, in his gray Porsche Turbo.

The teens dined at Japanese restaurant Benihana before getting a treat at nearby [Menchie's](#) -- a shop frequented by **Miley Cyrus**, **Paris Hilton** and Lautner's *New Moon* costar **Ashley Greene** -- with Swift's mom and bodyguard.

The group all enjoyed some self-serve frozen yogurt -- Swift got a large! -- and even posed for photos with fans.
